Course Information

1. What is a competency-based programme?

These are courses designed to address different levels of competency in your area of specialisation e.g., social work, therapy, counselling, psychology, research and evaluation, operations, human resource, fundraising, etc. That way, you can select the level of programmes that is most suited to your needs and create your own learning plan to enhance your knowledge and skills.

2. What is "blended learning" and how would it benefit my learning experience?

Blended learning refers to a combination of online digital learning with traditional classroom face-to-face learning.

Learners will be able to download and review the course materials anytime-anywhere before the classroom session, freeing up some time during the course for more in-depth discussions and conversations with the adult educators and fellow learners.

3. How can I find and access information about training courses offered by the Social Service Institute (SSI) in Singapore?

Step	Action	Detail

Types of Funding and Funding Eligibility

4. What are the funding schemes available for the courses?

For information on our funding schemes, please refer to the section on [Training Grants](#).

5. Who is eligible for SkillsFuture Singapore training grants, Charities Capability Fund and Professional Capability Grant?

Only Singapore Citizens, Permanent Residents and Long Term Visitor Pass Plus (LTVP+) Holders are eligible for the SkillsFuture Funding (SSG) training grants. For more information on the eligibility criteria, please refer to the section on [Training Grants](#) on [SkillsFuture Singapore Funding, Charities Capability Fund and Professional Capability Grant.](#)

6. Is learner attendance required for funding eligibility?

Yes, learners must maintain a minimum attendance rate of 75% to be eligible for assessment (where applicable) and funding support.

7. How is the attendance tracked?

For funded courses, attendance is recorded through QR code scanning twice daily. Learners are responsible for scanning QR code twice daily using their phone camera or QR code scanning application to register their attendance. The QR code will direct learners to the Singpass webpage where they must log in to confirm their attendance. Failure to maintain the required attendance of at least 75% will result in funding ineligibility.

Learners must ensure that their Singpass account is active and accessible via their personal mobile phones.

8. What happens if a learner misses the QR code scan but was physically present?

Learners must immediately inform the trainer or SSI Training Administrator and request for the QR code to record their attendance for the session. Each QR code has a limited validity window - the QR code becomes available 30 minutes before each session begins and remains active until 30 minutes after the session ends, after which it will automatically close and become unavailable.

9. What if technical issues prevent Singpass confirmation for attendance?

Learners must report technical issues immediately to both the trainer and Training Administrator when attendance taking is denied. During the attendance session, learners must capture evidence by taking a screenshot of their phone screen showing the error message, ensuring the date and timestamp are visible. The Training Administrator will then submit a report to SkillsFuture Singapore (SSG) for attendance appeal, subject to SSG's approval.

10. Can attendance be backdated or manually adjusted?

No. Attendance records cannot be backdated in the system log due to funding audit requirements. Any attendance disputes must be raised immediately with SSI and resolved before course completion.

11. Are NCSS Members eligible for Enhanced Training Support for SMEs (ETSS)?

The National Council of Social Service (NCSS) has collaborated with SkillsFuture Singapore (SSG) to enable NCSS Member Social Service Agencies (SSAs) to become eligible for the ETSS. NCSS SSAs can receive SkillsFuture funding, of up to 90% of the course fees when SSAs sponsor their employees to attend SSG supported course.
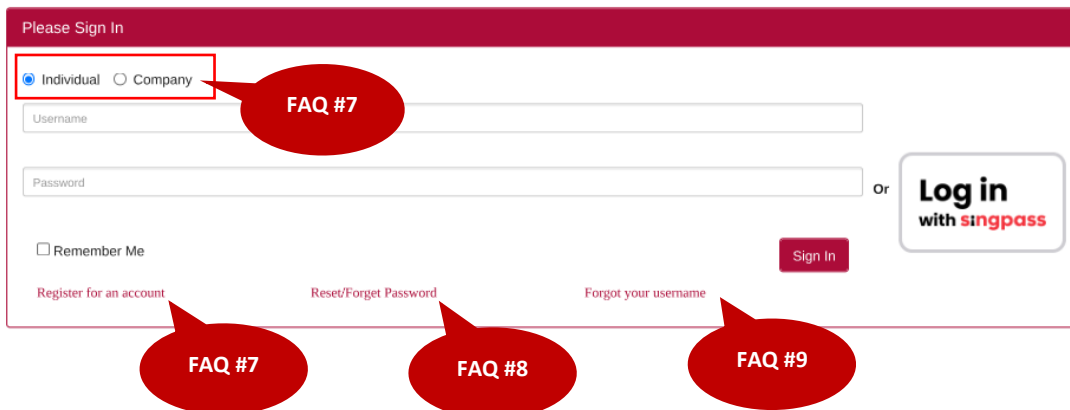

This initiative aims to:
- Enhance skills development opportunities for social service professionals
- Provide access to subsidised training programmes
- Support the continuous professional growth of NCSS member SSAs

This partnership underscores the commitment to strengthening capabilities within the social service sector, ensuring that professionals are well-equipped to meet evolving community needs.
